Responses
APMA0340-S01: Jia, Leroy L(TA): Wonderful, insightful, and clear TA. He really worked hard to make sure we had the resources we needed to bridge the gap between lectures and the exams.
APMA0340-S01: Jia, Leroy L(TA): Great TA. Always responsive to emails and his office hours and recitations saved me for this class.
APMA0340-S01: Jia, Leroy L(TA): Best TA I have ever had. Very helpful and invested in the students.
APMA0340-S01: Jia, Leroy L(TA): only redeeming quality of this course
APMA0340-S01: Jia, Leroy L(TA): Leroy was very helpful and prepared in recitation and did a great job of clarifying concepts that were not clear in lecture
APMA0340-S01: Jia, Leroy L(TA): I would not have gotten through this class without Leroy. I wish he could have taught it. He was very clear and open to questions.
APMA0340-S01: Jia, Leroy L(TA): Very good at communicating ideas and ties in concepts from APMA 33. Goes step by step and is very helpful during office hours.
APMA0340-S01: Jia, Leroy L(TA): The TA for this class provided us with necessary review problems before the exams that helped us understand material better.
APMA0340-S01: Jia, Leroy L(TA): I did not attend TA sections, as I did not find it necessary, but I have heard very good things about Leroy.
APMA0340-S01: Jia, Leroy L(TA): Leroy was a savior to many students who were "entirely" lost due to lack of coherent instruction. His TA sessions were organized and clear.
APMA0340-S01: Jia, Leroy L(TA): Beyond excellent. Above and beyond effort.
APMA0340-S01: Jia, Leroy L(TA): Very concerned for students. Makes review sheets and sample exams for students.
APMA0340-S01: Jia, Leroy L(TA): I did not go to TA hours much, but based on the response of other students and the review sessions I went to, Leroy saved many students. He made up for some of the poor instructing done by the professor and did a wonderful job helping students.
APMA0340-S01: Jia, Leroy L(TA): He was very straightforward and helpful with providing solutions.
APMA0340-S01: Jia, Leroy L(TA): He was the only good thing about this class and should probably teach it himself. I don't think I would be passing without him, because not only is the professor not great, but the book isn't very good either.
APMA0340-S01: Jia, Leroy L(TA): He gave the best lecture of the whole semester. He effectively engaged the class. For example, rather than simply derive the heat equation, he would ask the physical interpretation of certain boundary conditions, or try to give the intuition for each step of the derivation.
APMA0340-S01: Jia, Leroy L(TA): SOOOO GREAT! Always helpful, seemed very invested in class. Amazing TA.
APMA0340-S01: Jia, Leroy L(TA): Always available and super helpful. Maybe spammed us with too many e-mails sometimes, but he could explain anything that I haven't understood in class.
APMA0340-S01: Jia, Leroy L(TA): Leroy was a life-saver. He could explain the most complicated concepts in a simple and clear manner. I could learn a week's worth of lectures in one of his TA sessions. He also encouraged us to email him when we had any questions on the homework or while studying, and he responded very quickly. He was probably the best TA I've had at Brown...I wish he taught the class!
APMA0340-S01: Jia, Leroy L(TA): The TA presents the material much clearer comparing to the instructor; however, he sometimes speeds through the materials.
APMA0340-S01: Jia, Leroy L(TA): Leroy was an amazing TA and always made himself available to help students. He was super helpful in explaining difficult concepts and making them understandable. I have had him for two classes now (AM33 and AM34) and he was great in both.
APMA0340-S01: Jia, Leroy L(TA): I thought that the sections that the TA taught were very effective because they explained the topics in a way that we could understand, he also made sure we understood the derivations of each concept and how they could be applied. He explained the steps to follow to solve each problem which I found very helpful.
